Hire Rates

The Village Well was built to provide the Adelaide Hills people with accessible, comfortable and varied spaces to meet together, connect and strengthen community.

Being a not for profit community, the aim is to hire out these rooms below commercial rates. As we are not a business, we rely on those hiring the spaces to treat them with respect and care, so that they can continue to be offered at affordable prices.

Half Day and Full Day rates available on request.

Discounts may apply for regular bookings.
